CRITIS
2016

The French Interministerial Crisis Cell

Cyril Stylianidis, CDR FRA N

French Ministry of Interior

General Directorate of Civil Security and Crisis management

Agenda

I. French crisis management organisation

- 1.1. A multi layers territorial organisation
- 1.2. How does it translate in terms of operational centres

II. The CIC

- 2.1. Some history
- 2.2. How does it work?
- 2.3. Organisation
- 2.4. Achieved so far and the future
- 2.5. Some thoughts

III. Q&A

1.1. A multi layers organisation

Européen

E.R.C.¹
Emergency response centre
Centre de réaction d'urgence

L'Union Européenne assiste.

National

C.I.C

Le ministre de l'Intérieur anticipe et renforce avec les moyens nationaux.

C.I.C²
Cellule Interministérielle de Crise

C.O.G.I.C.¹
Centre Opérationnel de Gestion Interministérielle des Crises

Zonal

→ ORSEC de zone

Le préfet de zone de défense et de sécurité coordonne les moyens zonaux.

C.O.Z.¹
Centre Opérationnel de Zone

Départemental

→ ORSEC départemental

Sur sinistre important ou en cas de catastrophe, le préfet est Directeur des Opérations de secours (D.O.S.).

C.O.D.²
Centre Opérationnel Départemental

P.C.O.¹
Poste de Commandement Opérationnel

Communal

→ Plan Communal de Sauvegarde

Le maire est responsable de la sauvegarde de la population. Sur sinistre limité, il est Directeur des Opérations de secours (D.O.S.).

P.C.C.²
Poste de Commandement Communal

¹opérationnel 24h/24h, ²activé en cas de besoin

1.2. How does it translate in terms of operational centres?

CHAÎNES DE COMMANDEMENT Et d'informations

Niveau NATIONAL INTERMINISTRIEL
Stratégie nationale Politique

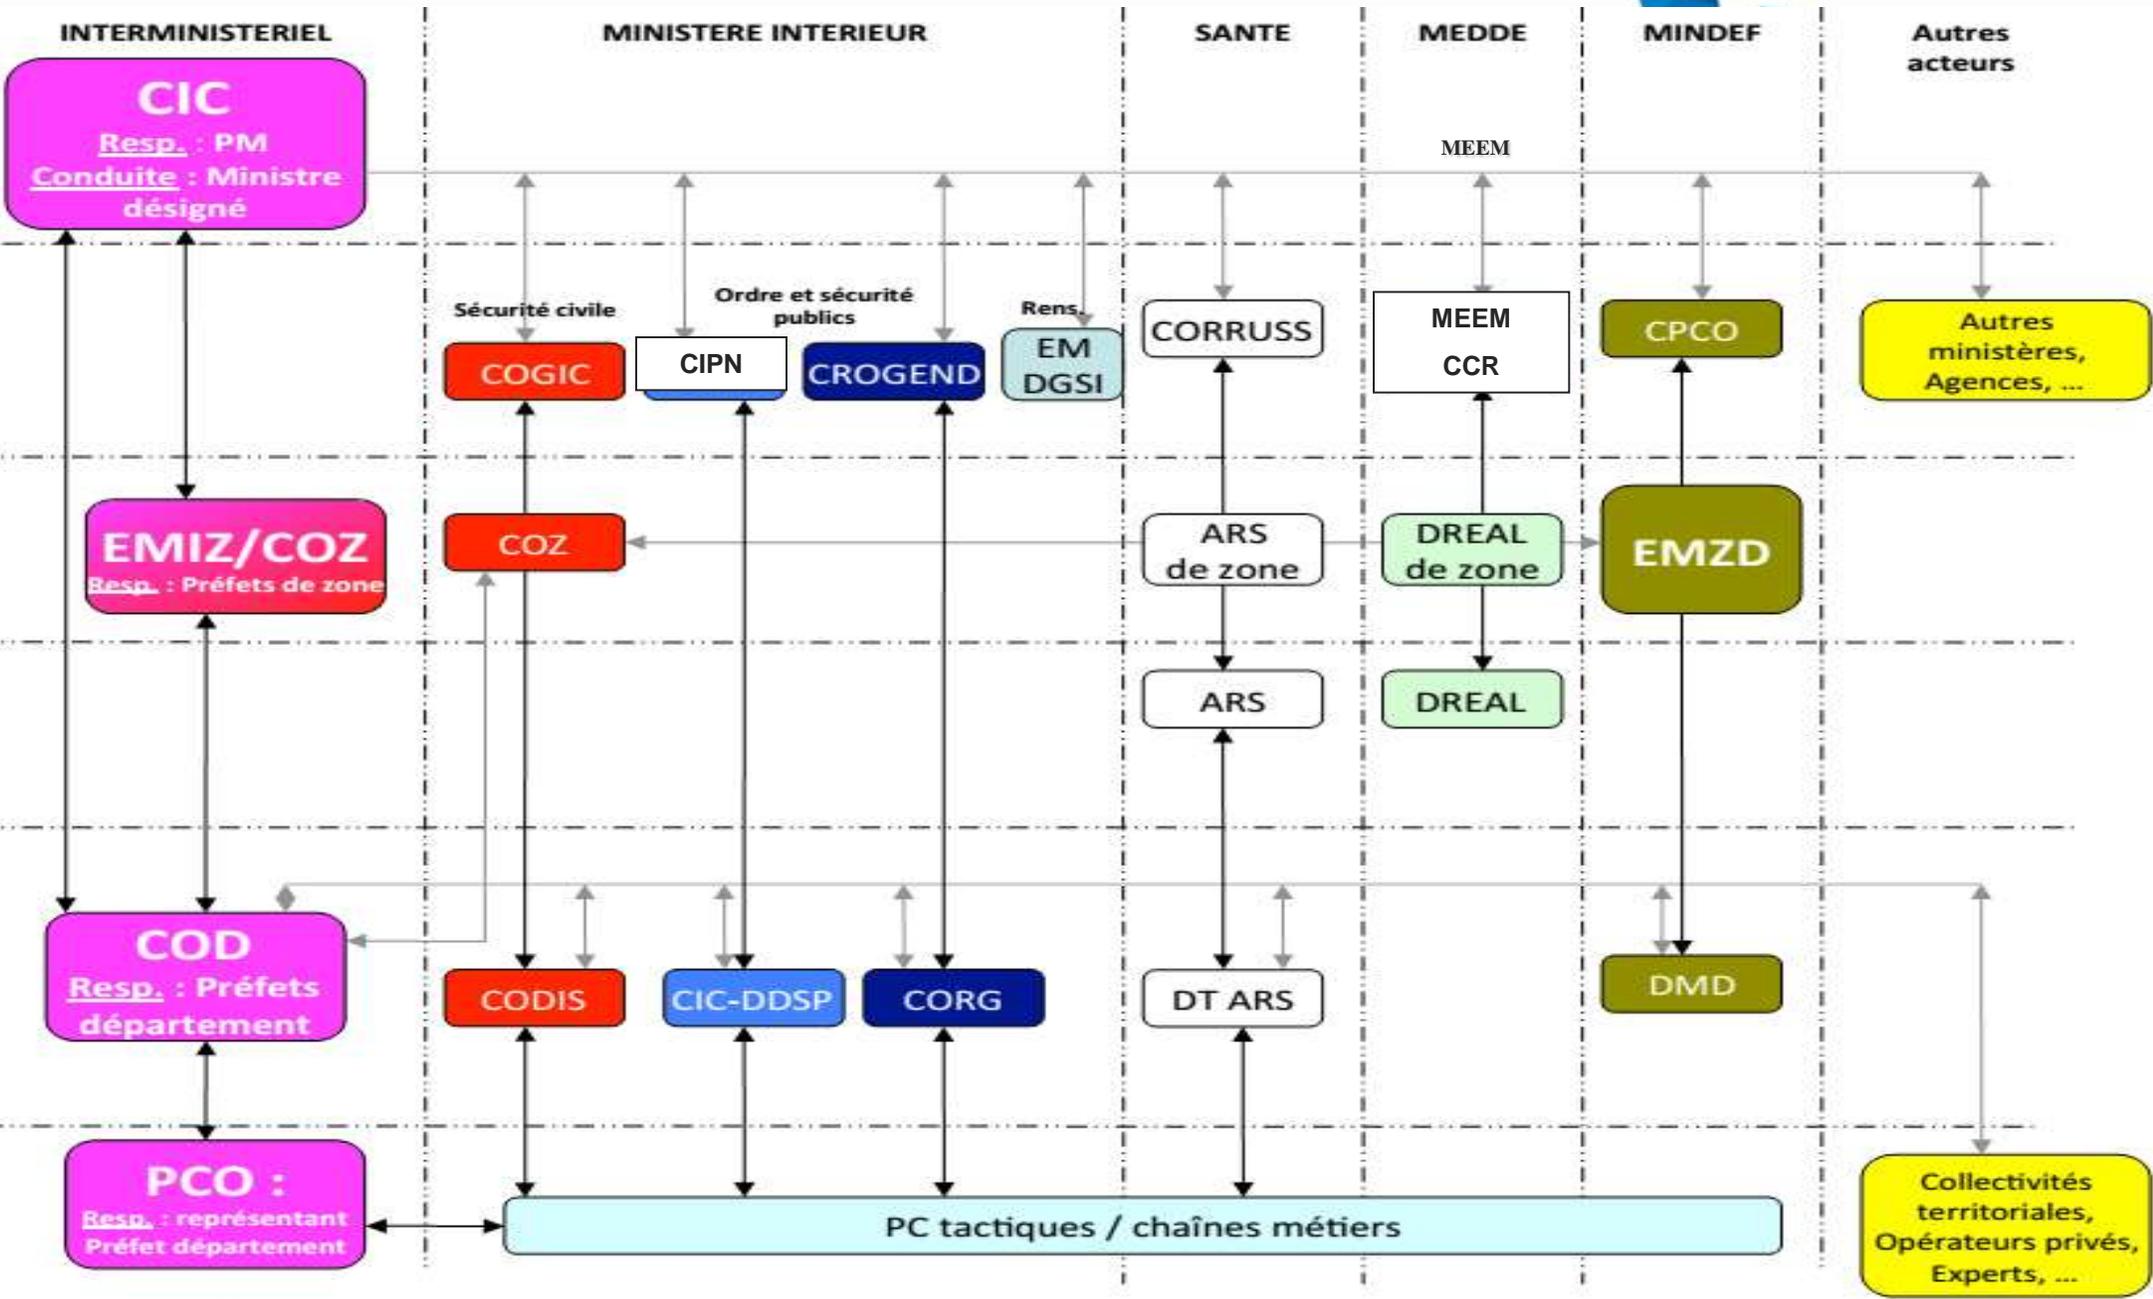

Niveau NATIONAL CO MINISTERIELS
Stratégie nationale Politique

Niveau ZONAL
Préparation Veille
Coordination moyens

Niveau REGIONAL
Préparation Veille
Coordination moyens

Niveau DEPARTEMENTAL
Stratégie départementale
Veille
Conduite tactique

Niveau LOCAL
Conduite opérationnelle

2.1. Some history

A tool for inter ministerial crisis management

- Created in **2010** (LBDSN 2008).
- Under the authority of the **Prime Minister**.
- Located within the **Ministry of Interior** (Beauvau).

- This tool is
 - A national level response involving all **ministries** and local competent authorities.
 - A unique **interministerial** response.

2.2. How does it work? *A fully interministerial way...*

- Interministerial format = Activation of the Crisis Interministerial Cell

- On **Prime Minister's decision**

- Based on the « **what** » and the « **where** », a ministry is appointed as « crisis manager lead » by PM's delegation :

- **Homeland territory** : Ministry of Interior

- **Abroad** : Ministry of Foreign Affairs

- **At sea** : Ministry of Defense or Ministry of Equipment, Ecology and the Sea

- Ministerial format = Activation of the Beauvau Crisis Centre

On Minister of Interior's decision in case of limited public security related issues or, preventively, to monitor potentially unstable situations: national events, urban violences developing, riots etc.

In France, major crisis are coordinated nationally but are dealt with locally (Préfets)

2.3. Organisation *4 rooms*

Decision Cell

- Strategic level, heads/ reps of ministries front offices.
- Proposes options to the Prime Minister

Anticipation Cell

- **Preventive** work on how a crisis could affect planned events (i.e COP 21, EURO 16 etc.)
- **Prospective** work on how the crisis in progress could evolve as well as on how to smoothly transition to the **post crisis** period.

Communication Cell

- Elaboration of STRATCOM plan
- Social network and media monitoring
- Elaboration of press releasable content

CIC
Coordination
Cell

Situation Cell

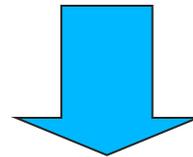

- Fusion of information from all ministries crisis centers
- Shared analysis

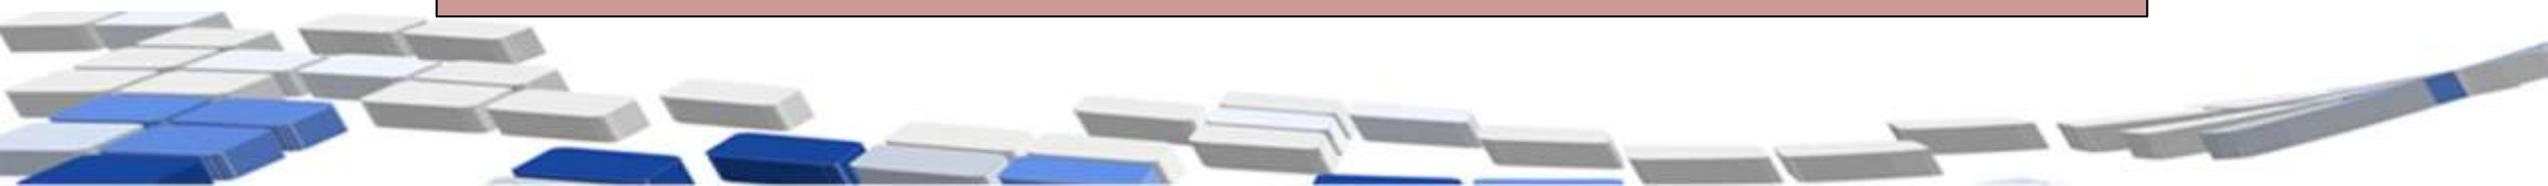

2.4. Achieved so far and... *An average of...*

**17 real-time activations :
crisis, national scale events...**

**16 major exercises :
gradual professionalisation of crisis
management actors, crisis management community**

**Therefore, many Lessons Learned:
Improving curve, adaptations and adjustments...**

... perspectives, the future
3 axis of work...

Investing in:

- **People**
 - Pin pointing all crisis management actors in all ministries/entities
 - Professionnalising crisis management community
- **Structures/equipments**
 - Improving work spaces' ergonomomy for better efficiency
 - Developping specific crisis management tools
- **Organisation related processes**
 - Interministerial planification methodology elaboration
 - Collaboration with think-tanks and specialised institutes
 - Publication of the CIC handbook (short term)

2.5. Some thoughts

Our mission is to provide the (civil/political) decision makers with

1. **checked and reliable** informations
 2. **As quickly as possible** IOT give him the possibility to
 3. Make **strategic** level decisions (not operational conduct of the crisis)
- In addition to these, overcome false information/rumors (waves of...).

Multiple tasks, multiple challenges...

Toward more **ope and tact** conduct of the crisis Vs **strat** conduct in the far future...?
